Allied Health Rating Manual

Effective: 7-1-2010

EFFECTIVE: 7-1-10

RATING RULES

A. APPLICATION OF RULES

These rules govern the writing of professional liability policies for the Lloyd's Allied Healthcare Professional Liability Program.

B. POLICY TERM

Policies may be written for a term of one year, and renewed annually thereafter.

C. TERRITORY DEFINITIONS / FACTORS

Rating manual for the State of Illinois

D. LIMITS OF LIABILITY

The following limits are available with applicable Increased Limits Factors (ILF). The ILF should be applied to the rate for a \$1,000,000/\$3,000,000 policy to arrive at the correct base premium.

Limit/Aggregate	Factor
\$100,000 / \$300,000	.52
\$250,000 / \$500,000	.67
\$500,000 / \$500,000	.83
\$1,000,000 / \$1,000,000	.91
\$1,000,000 / \$3,000,000	1.00
\$2,000,000 / \$4,000,000	1.37

Supplemental Liability, for premises occupied by the insured for professional services, will be the same limits that the insured chooses for the professional liability policy.

The limit of liability on all policies are written on an "each claim" and "annual aggregate" basis. All claims and board complaints arising from the same or related act or omission or incident shall be considered a single incident or claim. The total liability of Underwriters for all damages including defense costs will not exceed the limit of liability stated in the Declarations Page and will apply regardless of the number of:

- a. Insureds under the policy
- b. Persons or organizations who sustain injury
- c. The number of claims or suits brought during the policy period or any extended period of indemnity (ERP or Tail)

Minimum Deductibles:

Groups 3 (Massage Therapist et al.) & 8 (Physical Therapist) - \$2500 per claim; all others - \$1000 per claim.

E. FACTORS OR MULTIPLIERS RULE

Whenever applicable, factors or multipliers are to be applied consecutively and not added together.

F. ROUNDING RULE

The premium for each coverage or exposure for which a separate premium is calculated will be rounded to the nearest whole dollar as follows:

- 1. Any amount involving \$.50 or over will be rounded up to the next highest whole dollar.
- 2. Any amount involving \$.49 or less will be rounded down to the next lowest whole dollar amount.

G. ADDITIONAL PREMIUM CHARGES

- 1. Pro-rate all changes requiring additional premium.
- 2. Additional premiums will be calculated based upon the rates and rules that are in effect as of the policy effective date.

H. **RETURN PREMIUMS**

- 1. Deletion of any coverage other than an optional coverage is not permitted unless the entire policy is cancelled.
- 2. Compute return premium at the rates used to calculate the policy premium.
- 3. Compute return premium pro-rata and round in accordance with the Rounding Rule when any coverage or exposure is deleted or an amount of insurance is reduced. When cancellation of an entire policy is requested by the Insured, return premium will be the customary short-rate. The only exception to that is if a policy is cancelled for nonpayment of premium, the return premium will be calculated according to the customary pro-rata cancellation.

I. **REQUIRED COVERAGES**

Required coverages under this program are:

- 1. Professional Liability on a claims made basis with retro date inception; and
- 2. Supplemental Liability for insureds single premises.

J. **OPTIONAL COVERAGES**

1. Additional Named Insured (Corporations/Partnerships) Coverage can be added for the professional corporation that is owned or controlled by a single insured on an Individual policy provided they have no other owners or employees. If there are other owners or employees, a group policy will need to be issued. There is no charge for an additional named insured.

2. Additional Insureds

Coverage can be added for third parties vicarious liability for services that the Named Insured performs to the third party or on behalf of the third party. There is a charge of 15% of base premium for each additional insured.

3

3. Independent Contractors - 1099 Independent contractors may be added to a policy as "an insured" and be charged the appropriate full time employee rate(pro-rated as necessary). To qualify, the independent contracto may not have separate professional liability insurance and be working more than 20 hours a week for or on behalf of the Named Insured. The following endorsement wording applies:

LOL-604-b General Change Endorsement-Additional Insured

In consideration of the additional premium below, it is hereby agreed and understood that the following person has been added to this policy solely as respects work done for or on behalf of the Named Insured.

4. Prior Acts Coverage

For the first year of this program, we will not provide any prior acts coverage. If new business is coming to us from a claims made policy, the applicant needs to purchase a tail from the prior carrier and provide proof to us so that we may issue their new, first year, retro-date inception policy or otherwise acknowledge that the applicant understands and accepts that the policy will not include prior acts.

After the first year of the program, all policies will move up to the next rating step. The prior acts date will remain the effective date of their first claims made policy within our program. Actual prior acts factors vary by profession. Student premiums increase in year 2 (only) for prior acts exposure and vary in base rate by Group. Student rates are \$50 for year 1 and \$55 thereafter for Groups 3 &8; and \$30 for year 1 and \$33 thereafter for all other Groups.

Prior Acts Factors:

Group #	1,2,3	4	5	6	7	8	9	10
Year	Factor							
1	1.00	1.00	1.00	1.00	1.00	1.00	1.00	1.00
2	1.14	1.19	1.14	1.10	1.11	1.18	1.00	1.14
3	1.26	1.19	1.24	1.14	1.16	1.29	1.00	1.19
4+	1.37	1.19	1.24	1.14	1.16	1.29	1.00	1.19

5. Terrorism Coverage

TRIA notice to be used with pricing of Target 10% (Seattle, Los Angeles, Chicago, New York, DC, Houston, San Francisco and immediate surrounds); Metro 7.5% (concentrated area of more than 1 Million people); Rural 5% - all other.

6. In some instances, the Senior Underwriter may deem it necessary to remove Supplemental Liability coverage from a group policy. This will be done by a manuscript endorsement and there would be no premium reduction in these instances. An example when this might be used would be when providing coverage for a group of students at a particular college. Refer this type of situation to the Senior Underwriter.

4

K. PREMIUM RULES

- 1. The premium basis is per each professional. The rates will be applied in accordance with the applicant's specialty area. In the event of multiple occupations, the highest rated occupation will be used for rating purposes and the secondary occupation will be listed by endorsement.
- 2. The stated rates are for Employed Individuals
- 3. The applicable factor for Self-employed part-time is 1.4 of the stated rate.
- 4. The applicable factor for Self-employed full time is 1.9 of the stated rate.
- 5. There are no debits or credits for deductibles. All those falling into group 1, 2, 4, 5, 6, 7, 9 and 10 rating are subject to a \$1,000 deductible for each and every loss. All those falling into group 3 and 8 rating are subject to a \$2,500 deductible for each and every loss.
- 6. To increase limits from \$1/3 to \$2/4, an increased limits factor of 1.37 is applied.
- 7. Start-up rates for self-employed are surcharged 50% for less than 12 months experience; 25% for less than 24 months experience; and 10% less than 36 months experience.

PREMIUM CREDITS L.

- 1. Student accommodation will be made for those people completing their student programs. They will be given a 50% credit for the first year only. This applies to persons categorized as employed.
- 2. Risk Management credit of 10% will be given to those individuals who complete 4 hours or more of continuing education for Risk Management, Ethic or Legal or who obtained a secondary certification or licensure relevant to their profession with in the past 12 months. Evidence of completion must be faxed in to receive the credit.
- 3. Groups will be given credit based on the size of the firm, subject to revenue restriction:
 - 3-5 4% credit 6-10 6% credit b. 11-15 = c. 8% credit d. 16-19 = 10% credit 20 or more = 15% credit (refer to Senior Underwriter)

N. PREMIUM CALCULATION

Premiums will be calculated through PS Online per underwriting agreement. The methodology of calculating will be based on the rates shown on the following pages. First determine the appropriate classification. Multiply that by the increased limits factor (if applicable). Determine

5

the employment status of the insured. Apply appropriate employment factor (if applicable). Apply any newly licensed or risk management credits to that number.

M. EXTENDED REPORTING PERIOD FACTORS

The option is purchased at 100% of the expiring annual premium for a one (1) year or 12 month tail.

AIF 2610 Medical Malpractice Filing withdrawal letter 8-23-10.pdf

Gayle,

Thank you for your patience on this filing. As I have indicated in the past, medical melpractice is new territory for me and for Lloyd's Underwriters in Illinois. I'm afraid, as a result, it has been a series of frustrations for me in conjunction with these filing(s). Unfortunately, with vacations and business trips, I haven't been able to get all market participants together to answer your questions. Therefore, in order not to waste any more of your time, please find attached a letter of withdrawal for the captioned filing.

I will follow up with a similar letter to SERFF for the form filing.

Again, my apologies for any inconvenience this may have caused.

Regards,

Tom

Mr. Oberwetter,

I am in receipt of the above referenced filing submitted with your letter dated June 28, 2010. I could not include the "-RATE" in the filing number because of our 20 character limitation. Please address the following questions:

- 1. 215 ILCS 5/155.18 states it shall be certified in this filing by an officer of the company and a qualified actuary that the company's rates are based on sound actuarial principles and are not inconsistent with the company's experience. This information is required in every rate/rule filing for medical malpractice.
- 2. Please indicate if your company has a plan for the gathering of statistics or the reporting of statistics to statistical agencies? If yes, what stat agency is being used?
- 3. Do you offer any type of payment plan to an insured?
- 4. Where are the "groups" defined? Do you have a territory factor? I don't know what "Rating manual for the State of Illinois" means. Do you have optional deductibles, and if so, what are their factors? What does "NBCC" stand for?

I request receipt of your response by July 13, 2010.

info@beazley.com www.beazley.com Medical Malpractice rates-Lockton Affinity Program

We refer to previous discussions in conjunction with Lloyd's Illinois. Please find attached a spreadsheet showing a comparison of the experience of the subject areas of practice within this program with ISO (Illinois and National 5 year average loss data) and the Occupational Employment Statistics of Illinois. Our opinion is that the proposed premiums are adequate to the exposure.

Yours sincerely

Simon Brickman Pricing Actuary Specialty Lines
